

LIFT OFF CORNS
WITH FINGERSDoesn't hurt a bit and costs
only few centsYou'll laugh.
Apply a few drops
then lift off
corns right
off. No pain. Yes,
magic!

A few cents buys a tiny bottle of the magic Frezone at any drug store. Apply a few drops of Frezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Frezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

HAVE COLOR IN CHEEKS

Be Better Looking—Take
Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

"CAN I BE
CURED?" SAYS
THE SUFFERER

How often have you heard that and cry from the victims of disease. Perhaps the disorder has gone too far for help, but oftener it is just in its first stages and the pains and aches are only nature's first cries for help. Do not despair. Find out the cause and give nature all the help you can and she will repay you with health. Look after the kidneys. The kidneys are the most overworked organs of the human body and when they fail in their work of filtering and throwing off the poisons that constantly accumulate in the system, everything goes wrong. GOLD MEDAL Haaslin Oil Capsules will give almost immediate relief from kidney and bladder troubles and their kindred ailments. They will free your body from pain in short order. But be sure to get GOLD MEDAL Look for the name on every box. In three sizes, sealed packages. Money refunded if they do not help you.

NEW CALOMEL IS
BEST FOR COLDS
AND INFLUENZA

Doctors Now Prescribe Calomel, the Purified Calomel, That Is Safe and Nausealess.

Doctors are warning the public that simple colds and mild cases of influenza often lead to pneumonia and other serious complications. They say that every cold should receive immediate attention and that the first step in the treatment is to make sure that the liver is active. For this purpose Calomel, the perfected, nausealess calomel that is freed from danger of salivation, is the surest, best and most agreeable laxative.

One Calomel tablet taken with a swallow of water—that's all, no salts, no nausea, no danger and no unsettling of the digestion and appetite. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast.

For your protection, Calomels are sold only in original sealed packages, priced thirty-five cents. All druggists recommend and guarantee Calomels by offering to refund the price if you are not delighted with them.

ARMOUR ASKS FOR
INDUSTRY FREEDOM

OMAHA, Neb., Feb. 19.—J. Ogden Armour made the first public speech of his life here yesterday at the Trans-Mississippi Readjustment Congress, taking as his subject, "Getting Back on the Highway of Progress." He said in part:

"From where we stand now there are two roads. One of them leads to Bolshevism and is unthinkable in the United States. The other road leads to individual and corporate freedom which is limited only by the rights of others.

"The agitator cries out against a return to the old order of things. There can be no such thing. It is going to be a new order of things.

"There are a number of schemes having to do with Government and the relations between capital and labor that are just as visionary as the scheme for the boat that would propel itself. I trust that the good sense of the American citizen will obviate the possibility of unwise legislation from well meaning men who have no real knowledge of the problems involved.

Has Made U. S. Rich.

"Let us not forget, that, what the malcontents call 'the order of things,' has made the United States the richest of nations. The long, straight highway of human progress is still inviting us onward and with the help of such leaders of thought as are here congregated, we will get back on that highway with the least delay.

"The road is a well marked one. The first guide post says, 'faith in business'; the second one, 'employment for all'; and the third one, 'gradual readjustment.'

"The presence here of great quantities of gold and the prospect that will supply the future will add to the supply causes a complication which needs only be realized to be remedied.

"There is no real cause for concern that labor costs nearly twice what it did before the war. The true basis for the worker's wage is the cost of a decent living, and whether that cost be one dollar a day or ten dollars a day, makes no material difference.

"Because there is no wall around us and because we come in more or less contact with the rest of the world, our commodity values in the long run must approximate the world standards. And so I expect that gradually money will become more valuable than the dollar and will purchase more than it does now.

Hold-back Policy Fatal.

"It is a narrow vision that compels a business man to hold back on contemplated improvements or expansion or investment. A hold-back policy would bring on the very thing we seek to prevent—an industrial depression.

"Capital must not lie low till prices come down and labor has nothing to gain through keeping the value of the dollar at its present low level.

"We have had too much talk about masses and classes and too little recognition of the truth that in the main all men are very much alike. The man with the hoe is little different from the man of wealth.

"The time has come when capital must give more thought to the workers' problems and the worker must be informed as to the problems of business and industry.

Should Give Yanks Jobs.

"Employment for all is essential in the months to come. In my opinion the Congress of the United States should take steps to provide the means for giving our returning soldiers the opportunity to engage in productive work. I think the matter is of sufficient importance to justify an extra session of the Congress if need be.

"I advocate the opening up of Government land and its appropriation among soldiers who wish to enter into productive work. With thousands of our returned soldiers producing new wealth from the soil, the cost of basic products would come down and the whole cost of living would be lowered materially.

"A national program of road making will give fish employment for thousands upon thousands of men. The harnessing of unused water power would give employment to many more.

"A display of patriotism, forbearance and common sense on the part of capital and labor will enable this country to go through the readjustment period and go through it with such success that we will get back on the highway of human progress without delay or accident."

NEW FIREMEN BRING FORCE
TO MAXIMUM STRENGTH

The Washington fire department has been brought to the maximum strength of 645 men, authorized by Congress for the two-platoon system by the appointment of twelve new firemen.

Much trouble in obtaining suitable men has been experienced by Chief Engineer Wagner. Finally he obtained the assistance of the United States Department of Labor. The two-platoon system was put into effect ten days ago with the minimum number of men allowable for each engine and truck company.

The men appointed today by the District Commissioners were: E. Thompson, H. Frye, E. Beers, D. E. Poole, C. Murphy, J. H. Hamner, J. W. Loughlin, W. B. Hoffman, T. E. Warren, O. L. Brown, C. L. Wilkerson, and P. A. Blonell.

TEN YEARS FOR STABBING
EX-SOLDIER TO DEATH

CUMBERLAND, Md., Feb. 19.—Robert Blackburn, formerly of Elk Garden, W. Va., who stabbed Joseph B. Daubach, a discharged soldier from Camp McClellan, Annapolis, Ala., was convicted of manslaughter before Judge Henderson and sentenced to ten years in the penitentiary.

Blackburn had been disorderly in a restaurant on the Queen City pavement, and Daubach assisted in putting him out. Blackburn waited on the outside and when Daubach appeared Blackburn stabbed him. He died several weeks later.

Women's New Spring Blouses,
Really Winsome and Only 98c

They don't look like 98c blouses. Materials sheer, needlework good. Note the pin-tucked fronts, the pretty organdy collar and cuffs. Sizes 36 to 46.
